About the Cesar Chavez Foundation Education Fund

The Cesar Chavez Foundation Education Fund creates programs with a “Heart and Mind Approach.” Our programs are developed with research-based instructional methods that educate the whole child, and they are aligned to Cesar Chavez’s core values.

For Cesar Chavez Day 2025, we invite educators to teach about the life, legacy and leadership of Cesar Chavez and to allow students to connect authentically to Cesar’s story through lessons that develop their hearts and minds.
